THIS ROPE IS LEGEND

JAKE LONG
NFR QUALIFIER

A LEGEND SETS THE STANDARD.

The Amigo was the first nylon/poly blend 4-strand introduced by Cactus Ropes. This large diameter rope is more durable, has tremendous tip weight, grips the horn and gives an outstanding performance in all weather and arena conditions.

This rope has stood the test of time and is a favorite of champions like Clay O'Brien Cooper and Jake Long.

ANNOUNCEMENT TO ALL MIDWEST VERSATILITY HORSE SALE ATTENDEES

Any and All person attending this sale, do so at his/her own risk. Neither the horse owners (Consignors), Midwest Versatility Horse Sale, Central States Fair, Inc., nor any person employed by, or connected with this sale, assumes any liability, legal or otherwise.

WELCOME

My family and I would like to extend a very warm welcome to everyone who is part of our third annual Midwest Versatility Horse Sale this year. We are very excited to come together, in the same place once again this year, to present our horses to you.

With the boys full time on the PRCA Rodeo road and the girls in school, college and high school rodeo, it has become rare indeed for the opportunity to come together as a family these days, so we treasure that opportunity, made only sweeter by being able to do so with such great friends and new acquaintances made here at our sale.

Once again, I think that we have continued to refine and specialize our sale into a tremendous set of horses for your inspection and perusal. I hope that you have had the time and the technology available to you to go to our website, and spend some time there, looking for the horse(s) of your needs.

While we continue to put together a very nice black and white catalog, it is our website that will allow you the best chance to look these horses over, in color, along with some very nice video of these horses in action doing what they do best. You can replay video and transition back and forth between the several horses that might interest you. On our website is where you will see these horses in their natural setting which this sale ring is not. Our website presentation to you, is our virtual color catalog. It is the very best of how we can possibly present these horses to you.

Down the road, we will continue to develop and use the best digital and electronic media to get these horse's true talents out in front of you for your scrutiny. We have actually introduced some new technologies to this business on your behalf last year and this year, and we will persist in trying to lead the learning curve on your behalf and ours.

It has been an incredible year for the Tierney family since our last sale. Jesse, the oldest Tierney prodigy, made the National Finals of Steer Roping (NFSR), held just weeks prior to the Wrangler National Finals Rodeo (WNFR), at the Lazy E near Guthrie, Oklahoma. Jesse worked hard last year to secure a position in the top fifteen in the nation to earn National Finals honor. He goes again this year to the NFSR, appearing at catalog printing time, to have the fifth place reserved in his name going in to the National Finals of Single Steer Roping, 2012.

Paul David has also kept us on the edge of our saddles as well this year in Team Roping, as a header, for the first time this year. There have been times throughout the year when he held down positions in the very top spots in the nation as a header. It appears as if he will miss making a berth at the WNFR this year by just a few spots. So as the Pro Rodeo season ends here tomorrow (September 30), Paul David will swing into the new season looking to improve his standings for the 2013 season. We wish

him all of the luck in the world as well as all of our love and support.

We have enjoyed watching both of the boys rank very impressively in the All Around Cowboy standings as well this year, with both of them finishing that hunt in impressive top positions.

Daughter Amy has switched from college rodeo in Sterling, Colorado, and now rodeos out of Chadron State College in Chadron, Nebraska. Our youngest daughter, Jordan, is in her senior year of high school this year at Hot Springs, SD. Jordan will finish her high school rodeo career, along with SD 4-H Rodeo, next spring and then will be looking to secure a team position in college rodeo.

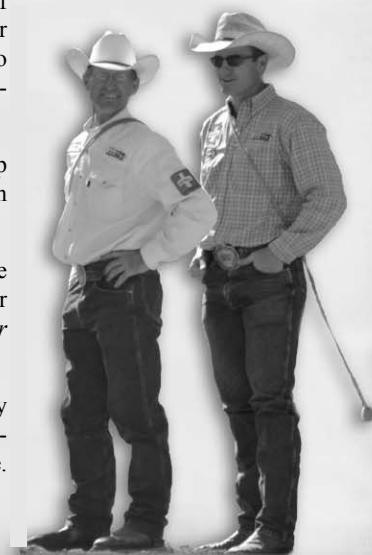

We go, we grow, but we never get too far from our rodeo roots, and our life-long partnership with the American Quarter Horse Association (AQHA). We were one of the first ranches in the nation 1 year ago to enroll in the AQHA's new Ranching Heritage Breeder's Program.

We have enjoyed increasing attention across the nation with our ranching program and have hosted several professional writers and photographers on the ranch since our last sale. Major articles about the Tierney Ranch have appeared in such publications as the *American Quarter Horse Journal* and *Western Horseman*, to name a couple.

So welcome to the beautiful Black Hills of South Dakota that we so enjoy as home. Sit deep and long and be our personal guests at the third annual Midwest Versatility Horse Sale. We are very glad that you have come.

~ Paul Tierney

Dear Guests:

We are proud to have you join us for the third annual Midwest Versatility Horse Sale, hosted by World Champion All-Around Cowboy & World Champion Tie-Down Roper, Paul Tierney, & his family, of Oral, SD. This 2008 Pro Rodeo Hall of Famer has made the rodeo and performance arenas of the United States his playground for establishing his own criteria for what it takes to make a great equine athlete.

This life-long journey has brought Paul Tierney to the point where you find him today: presenting the products of his well-crafted breeding and training program, to an audience of appreciative equine admirers and buyers. And he has gathered with him an admiral representation of like-minded equine genetic planners and trainers, who offer with pride, along-side of the Tierney family, their equine athletes, for your inspection and appreciation.

~ Paul, Robin, Jesse, Paul David, Amy & Jordan Tierney

Recognition by AQHA

AMERICAN
QUARTER
HORSE
ASSOCIATION

Paul Tierney was honored in 2011, one year ago at this time to announce that his family's ranch, near Oral, SD, had just been accepted as one of the first few ranches in the world to be inducted in to the new AQHA Ranching Heritage Breeders program. The American Quarter Horse Association had just announced this new program to their members.

When the AQHA was formed, just short of the mid twentieth century, it was conceived and populated by the " ... dusty and muscled cow horses, herding cattle on the ranches of the American West, working without fanfare and giving an honest day's labor for a measure of hay or oats ... " according to an AQHA announcement.

The new program is an effort of the AQHA to acknowledge its foundation roots and the ever increasing impact that these ranch raised horses still lend to the popularity of the largest horse breed in the world. AQHA members around the world are recognizing the value of the sensible minds and skill sets that these ranch raised horses offer to all disciplines of Quarter Horse riders.

"This miraculous breed of versatile horses is now being stepped back in time to recognize how it got to be the popular breed that it has become," according to legendary roper and Quarter Horse breeder, Paul Tierney.

The new AQHA program is designed to put a spotlight on ranch raised horses, and help those ranch horse breeders to add value to the market place they attract. Horse owners all over the world have become keen in recognizing how bomb-proof and honest a ranch raised horse is; and that translates into value in the marketplace.

"It is an honor to be part of this important new initiative of the AQHA," Tierney claims. "This program is so closely allied with our ranch horse breeding program, that we feel privileged to be able to be part of it, at the ground level, so we can work to help it grow, and obtain the prominence it so deserves, and has been waiting for." Tierney concludes.

**We present this Skill Set Index to you for your convenience, in finding the horse that is right for you, and will hopefully deliver to you, the abilities and skill sets that you are shopping for. By providing this list to you, we by no means promise that any of these horses are truly or fully trained for the tasks as listed above. We have listed these horses skills according to what the owners have told us. As we all know, many people's perceptions and concepts about how any animal's training is represented, can vary greatly. Make sure that you attend both previews: Friday night's Versatility Competition, and Saturday morning's Roping, Barrel Racing and Pole Bending Preview. Ask questions of the owners of any horses you are interested in, observe them being previewed, and determine for yourself if any given horse is indeed able to deliver to you, the qualities you are looking for.*

"Regal" is a 5-year-old grandson of our fabulous mare *Miss Bubblin Creek*. This sweet guy has been very kind and willing from day one. *Regal* is a true athlete, who is doing very well in **Breakaway Roping** and progressing very nicely on the **Barrel Racing** pattern. This is a wonderful and outstanding individual to grow with and win on for years to come. He is at just the right age to go and do whatever you might want to do with him. He will give you that lifelong willingness. *Regal* is a *Frenchmans Guy* grandson and a *Frosty Feature* great-grandson from his mamma's side. *Regal* will be there for you in both previews.

"Meeko" is a 15.1 hand black gelding who is one of our trusted **Ranch** mounts. I have relied on *Meeko* to go and **Rope** everything from baby calves to maverick bulls off the Rio Grande. He is 100% sound and guaranteed gentle. I started **Heading** steers on him in the arena last May, and he has taken to it like a duck to water. I am using him as a **Pick Up** horse at several amateur rodeos this summer as well. *Meeko* is a dependable mount here at the ranch where he gets plenty of saddle time as a popular "go to" mount. Small superficial scar on right front leg; small scar on right rump from cow horn.

This is an incredible 4-year-old horse. This dappled Palomino gelding is gentle for anyone. He is a finished **Reiner** and **Heel Horse**. This gelding is just plain great to be around. He is a great **Family Horse**. He is sound and easy going. This horse has been hauled a lot. For a young horse he has pretty much experienced it all. You can't help but notice the great names and the great lines that show up on this horse's paperwork. He comes sound off of that *Doc Bar* breeding, doubled up on the top side, and then again on the bottom. His bottom side line up is solid gold, with *Reminic* right there, crossed on a *Mr Gun Smoke* daughter; and then his mamma sparkles brightly with the *King Fritz* line over the *Tom Tucker* line. At 4 years old, this gelding is sitting right at the front end of what should be a great career.

You won't see very many **Tie-Down Rope** horses come through very many horse sales in this country the likes of "**Laurie**". This very talented mare comes in off of the very top flight deck of the **PRCA Rodeo Circuit**, directly to this sale. *Laurie* has spent the last 5 years going down the road with Paul David Tierney to the biggest, the best, and the top paying professional rodeos in the land. This dependable gray mare has put Paul David in the money and in the standings clear across the country. This mare does it all in the **Tie-Down Roping**, and she does it all so right. *Laurie* scores the best, runs hard, gets back good, and will always give you great shots at watch-stopping winning times. This little mare has speed to burn bred in to her. With our *PTS Frosted Cash* for her daddy, and *Frosty Feature* as her gandaddy, *Truckle Feature* as her great-granddad, she is also showing *Big Sis* as one paternal great-grandma, and *Miss Leo Frost* as the other; all of this on the top side. On the bottom side you can see *Dash For Cash* right on her papers, securing her future as a speedster. Be ready for her speed, quickness and repeatably dependable runs on calf, in the Saturday morning preview.

"**Shooter**" is a very special, big, stout and kind sort of gelding. He has a great and willing mind, and sports big bone and feet under him. This guy can **Track Cattle** very well outside, and is easy to catch and bridle. *Shooter* rides excellent, loping circles feels like you are sitting in a rocking chair. For his size this gelding is surprisingly athletic, quick, and can last all day long. This big guy would make an outstanding **Pickup Horse**! He has plenty of speed and is the right size to pull about anything out of the pen or arena. *Shooter* has been used extensively to **Start Colts** and **Rope** in the pasture. Check out this very special 11 year old-he is the perfect age to be sensible, trustworthy, and yet give you many years to come.

"Boon" is a very nice 3-year-old gelding who had been used quite a bit outside on the **Ranch**. This horse has a lot of talent and has been started on a **Cow**, and is showing great interest. We have **Roped** a few outside and he is doing well working with a rope. This horse rides real quiet and easy. *Boon* has a bright future ahead of him, and is cow bred from top to bottom. This boy's paternal grandpa is none other than the great *Peptoboonsmal*, and his maternal grandpa is *CD Olena*. *Boon* is double bred *Doc O'Lena*, so the infamous 1967 stud horse is *Boon's* great-grandfather on both sides of the ledger, with *Peppy San Badger* and *Royal Blue Boon* right there on his papers as *Peptoboonsmal's* noteworthy parents as well. *Boon* was born to a host mare as an embryo transfer by transported semen mating; so his life was planned from the beginning, with greatness bred right into his future. He rates well, watches a cow really great, and is a very good mover. I have used him as a **Pickup Horse** at a few amateur rodeos. I have also started heading steers on *Spider*. This tall horse brings you *Hancock* and *Leo* breeding on his top side, and *Blackburn* bloodlines on the bottom side. Don't miss this good mover with the looks to match. *Spider* has a scar above the bulbs of his heels that is long healed and now just a blemish.

We have **Picked Up Broncs** on him, **Pulled Bulls**, doctored, sorted and branded a ton of cattle on him. Fritz has been hauled some to a few **Ropings**, but mainly he's kind of been my slave on the herd side of things. We've roped a pile of steers on Fritz and he will sure score, run, handle and finish strong. Fritz is a good all-around horse, a handy one to own for all occasions and all needs. This is an Oklahoma bred gelding who displays *Poco* breeding on his top side and *Skipper* breeding on the bottom.

"Heidi" is the real deal for pretty and athletic. Here is a beautiful Palomino mare who is built to accomplish handy, and she delivers it, because she can. This catty lady has got huge stopping gears, great and accurate foot speed--all of this combined to give her quickness and a top speed transmission. Heidi has that nice short back, powerful and well sloped hind quarters, and well-built chest to make her powerful and versatile, and she tops it off with a cute head, and that shorter neck so you can see where you're putting your rope. This 6-year-old mare is bred of the very top caliber of *Driftwood*, *Frenchmans Guy* and *Leo* breeding. Watch this mare during the Sale Preview; you'll remember her once you've seen her.

"Trigger" is a tall, 8-year-old "smutty buckskin roan" gelding who is a super athletic and all-around sort of horse. I've shown him in **4-H Reining** and **Pleasure** but have also run **Barrels** on him. This horse excels at anything you show him. *Trigger* outlasts all other horses I've ever ridden. This stout made horse has **Drug** lots of calves to the fire, been used to **Doctor Calves** in the pasture, and has been used **Gathering** yearlings out of timber country, along with routine **Sorting** and cattle-work. He is a very soft to handle, and a nice ride besides. *Trigger* is a double bred *Hancock* horse, also showing *McCue* breeding on his top side. Branded on lower on-side hindquarters with a "Box O" .

"Blueberry" has been a star on my personal A Team on the Ranch. He is one of my favorite "go to" horses. I have **Roped** cattle on him outside when it was 105 degrees and when it was 20 degrees and straight falling snowing, and he always gives me a solid work-day performance. He is 5 years old and fully sound and a gentle and safe horse to be around. *Blueberry* is a tall horse at 16 hands, and has lots of run and good solid rate on a cow. I've used him at bull ridings and amateur rodeos to **Drag Bulls** from the arena, and he takes to it very well. I've started **Heading** steers at the ranch this past spring, and he is doing great. My wife-to-be is terribly upset that *Blueberry* is for sale, so I have to remind her: " ... that's how we pay the bills." Needless to say, he's a keeper.

She is very gentle, easy to handle and be around, and always a willing saddle horse. We love the *Jetsmooth* mamma that this mare is out of. If she ever goes into anyone's breeding program down the road, she'll keep passing on her great bloodlines from *Sun Frost*, *Sak Em San*, *Jet Smooth* and *Jae Bar Meleo*. This 5-year-old yellow mare is everything she appears to be. Watch for her in the Friday night preview; she'll catch your eye. She'll be back Saturday morning sale preview to showcase her rating and tracking skills.
